

P.G.&E. WILL BUILD NEW \$450,000 DECOTO SUBSTATION

Pacific Gas and Electric Company will build a new substation, known as Jarvis Substation, at Decoto to provide a new high voltage supply of electricity serving Washington Township, William H. Park, East Bay division manager of the company, announced this week.

With related transmission line construction, the project will cost an estimated \$450,000, Park said. Work will begin immediately.

A 3½-acre substation site on Decoto Rd. at the S. P. right of way has been purchased from the Zwissig Dairy. A 60,000-volt transmission line 7½ miles long will be built to supply the substation with power, tapping from an existing line between the big Newark Substation and Livermore.

Jarvis Substation will reduce the power to 12,000 volts for service to the distribution systems in the area. The system is supplied now out of Newark Substation and Substation "U" at San Leandro. Transmission at high voltage directly to the center of the growing area in Washington Township will greatly strengthen the power supply.

Among customers supplied by the substation will be the new plant of the U. S. Pipe and Foundry Company and residents of two large housing projects under construction near Decoto.

Jarvis Substation will be connected also with P. G. and E.'s existing Decoto Substation, which serves only the Pacific States Steel Corp.

Additionally, Park said, the new line to Jarvis is being built for operation at 110,000 volts, although it will be operated for the present at 60,000. The construction for higher voltage is in anticipation of future growth of the area and further increase in the demand for power.

GOVERNOR URGED TO SIGN ASSEMBLY BILL

A letter to Governor Earl Warren urging him to sign Assembly Bill 1173 into law was forwarded this week by the Centerville Chamber of Commerce.

The bill provides that the county board of supervisors shall determine how many judges will serve in any Justice Court District.

Supervisor Chester E. Stanley was instrumental in having the bill introduced in the Assembly last week. It passed both the Assembly and the Senate and is on the governor's desk for signature.

A SELL-OUT!

Life magazine, whose issues are in such great demand, has nothing on The Township Register.

Last week's issue of The Register was as hard to get as watermelons at the North Pole. If you were a subscriber, you had one. If you're NOT a subscriber, and tried to get one, you know what we mean.

Not that fewer copies were printed. Oh no. It was just that the demand exceeded the supply, and news stands all over the township were forced to tell their patrons, "Sorry, the Registers are all gone."

Even the Register office itself ran out of copies!

Need we add this bit of advice—that in order to be SURE of getting a Register every week you'd better take out a subscription? Phone Niles 3261 and let us put your name on the mailing list.

DRAFT TAKES BUT ONE LOCAL YOUTH IN JUNE QUOTA

Draft calls continued to diminish in this area the past month with but two men called into service by Selective Service Board No. 54 in Hayward as its quota for June.

One of the two men ordered to active duty with the armed forces was a township youth, Dell R. Osborn of Newark.

Osborn became the 76th township youth to be called to duty by Board No. 54 since the Selective Service Act was reactivated last September.

Although clerks of the board stated this week that they are not at liberty to announce July's quota of men to be called, they indicated that the number would be small.

The number of men called has been declining since the first of the year and has reached a point where it is a token amount sufficient only to keep the organization active in the event it should be needed for immediate enlarged quotas in an emergency.

HILLVIEW CREST TRACT, VETERANS MAKE SETTLEMENT

A settlement of a lawsuit between a veterans association of prospective home owners in the Hillview Crest tract near Decoto and Biltmore Homes Corporation, developers of the tract, was completed Monday.

Harry Gross, Oakland, attorney for the Biltmore, said yesterday that a dismissal of the suit was filed in Superior Court on Monday by Harold Strom, counsel for the veterans association.

The court action was taken after Biltmore, which purchased the tract, then known as Tareyton Village, from T. R. Bechtel Company and sent out refund checks of \$50 down payments. The checks were accompanied by a letter explaining that increased costs during the prolonged delay "made it impossible for the Middlefield Company to proceed and it became necessary for them to dispose of their interest in said land."

Many of the veterans who had made deposits on the homes refused to cash the checks and banded into an association to force the new owners to carry out the terms of the original contracts.

Strom announced this week that "Our group is very happy with the new arrangement."

He said that these terms were reached by the majority of veterans in talks with Biltmore: That the veterans would have first choice in the entire tract to change lot location and to change house plans; receive "substantial rebates" as part of the settlement in home costs; not be required to put further down payments on the line; have the houses sold to them at Veteran Administration prices, and in cases of hardship have the concession of the right of having the balance financed.

Attorney Gross said yesterday that there are still a few isolated cases of veterans who have not completed any settlement as yet.

IRVINGTON MAY FORM VFW POST

The possibility of the formation of a third Veterans of Foreign Wars Post for Washington Township is being discussed at Irvington.

Walter Roethlin announced this week that a state officer of the V.F.W. had called on him and stated that it was recommended at the recent state convention that a post be formed at Irvington.

Application blanks for membership are available at Roethlins Cafe and if a sufficient number of veterans express their desire for the formation of a post there, it will be completed at a meeting to be called in the near future.

Veterans of any war who served overseas are eligible for membership, Roethlin stated.

LOCAL HORSEMEN WIN PARADE PRIZE

They've entered seven parades. They've won seven trophies. This is the unusual record chalked up by the newly-organized Eden Horsemen, of which Bill Davis of Decoto is captain.

The Horsemen won two trophies on the Fourth of July, one at a parade in Albany and one at San Pablo. They took first prize in each.

The Horsemen, in their colorful and eye-catching riding outfits, have elicited the compliments and cheers of all of those who have seen them ride. They all ride on pintos.

Localities who are in the group are Davis, and Madeline Souza of Niles, and Jerry Brown of Decoto.

RAINFALL DURING 1950-51 HIGHEST IN EIGHT YEARS

Tabulation of the rainfall total for the fiscal year from July 1, 1950, through June 30, 1951, revealed this week that the past year was the wettest for Washington Township since 1942-43.

The records maintained at the Southern Pacific depot at Niles revealed a total of 21.93 inches of rainfall here during the past year, exceeding by 3.61 inches the 10-year average of 18.32 inches.

The records list some rainfall in every month of the year with the exception of July and August. Heaviest rainfall was during November when 5.58 inches were recorded, resulting in floods in the Alvarado and Warm Springs areas. The rainfall totals for the past ten years are as follows:

CIVIL DEFENSE PROGRAM PRAISED BY FEDERAL AIDE

California's civil defense program is one of the nation's finest, Federal Civil Defense Administrator Millard Caldwell informed members of the Far Western Association of State Civil Defense Directors which convened last week-end at Hotel Mark Hopkins, San Francisco.

Alameda County and other sections of Civil Defense Region 3 (nine bay area counties) have the nucleus of a topflight civil defense organization, the federal executive stated.

Federal financial aid, and training directives will soon be forthcoming, Caldwell informed his audience of civil defense aides from eight far western states.

The West Coast, he explained, is soon to have a Technical Civil Defense School to train instructors for volunteer personnel on operational levels. Training manuals will shortly be delivered to the various states, he added.

His statement followed a request by the law enforcement panel group that a uniform system of volunteer training be forthcoming immediately from the federal civilian echelon. Among members of the panel were Sheriff H. P. (Jack) Gleason, director for Civil Defense Operational Area 8 (Southern Alameda County); and his assistant, Stanley N. Petersen of the Hayward Sheriff's office.

Maj. General Walter M. Robertson, California's state civil defense director, lauded the operational area plan for the nine Bay Area counties as a means of implementing inter-region mutual aid pacts. Each area, he said, is an integrated unit, capable of completely autonomous action, but ready and willing to lend neighborly assistance to other areas in the region.

Regarding a shelter program, Caldwell said it was not regarded as a major factor anywhere in the country.

\$102,000 DAMAGES SOUGHT FROM NILES MAN AND DAUGHTER

A law suit requesting \$102,000 in damages has been filed in the Superior Court of Alameda County against E. Dixon Bristow, superintendent of the Niles School District, and his daughter, Miss Mary Virginia Bristow.

The suit was filed by the law firm of Lester Foley and John Purchio of Hayward, attorneys for Mrs. Fay Von Seidletz, whose husband, Morris Von Seidletz, died early in May following an auto collision with an automobile owned by Bristow and driven by his daughter.

The accident occurred on May 1 near the intersection of First and E Streets in Niles.

The complaint charges that the defendant "so carelessly and negligently drove and operated said automobile as to cause the same to run against and collide with the automobile driven by the deceased. . . . That by reason of said carelessness and negligence Morris Von Seidletz received injuries resulting in a blood clot causing him to die."

The suit asks \$2,000 to pay for the indebtedness incurred by the plaintiff for burial expenses and damages of \$100,000.

Von Seidletz and his wife formerly operated the Blue Room tavern in Niles and he was employed at the Pacific States Steel Mill at the time of his death.

VETERAN TAKES OWN LIFE IN CLUB HOUSE AT NEWARK

David Francis Wolfenden, 42-year-old war veteran, an attendant in the mental ward at the Veterans Administration Hospital at Palo Alto, took his own life in a duck club shack near Newark early Monday morning.

The body was still warm when it was found and cut down from the rafters of the shack by Anker Christensen and Roy A. Secada, employees of the Leslie Salt Company. They summoned Chief Fred Rogers of the Centerville Fire Department but he was unable to revive the victim with the department's inhalator.

Deputy Coroner Tom Berge of Irvington stated late Monday that an investigation had revealed that Wolfenden had gone fishing along the levee early Monday morning with LeRoy C. Bergstrom of Newark.

Bergstrom told officers that Wolfenden became intoxicated and quarrelsome and he left him on the levee alone.

The cabin where Wolfenden's body was found is accessible only by boat.

Wolfenden was a native of Philadelphia, coming to California in 1934. He served in the army from October 15, 1942, until October 18, 1944, and was a member of the East Palo Alto American Legion Post No. 472.

He had been employed at the V. A. hospital since receiving his discharge from the service.

Funeral arrangements are pending at the Berge Mortuary in Irvington.

EVERYTHING HE DID WAS WRONG

Martin Ramirez, 24-year-old railroad worker from Livermore, had a costly motoring lesson in Centerville Justice Court last Friday afternoon.

Ramirez, who was involved in an auto accident at Niles earlier last week, entered pleas of guilty to five charges.

Judge Allen G. Norris read off the charges and assessed the following fines: hit and run, \$150; cutting in, \$20; driving without a driver's license, \$5; speeding, \$15, and moving from lane to lane without due caution, \$10.

He was given the option of spending 40 days in the county jail.

Ramirez told the court he became frightened following the crash and ran away, leaving his damaged car. He was arrested in Livermore.

HOLY GHOST FETE SCHEDULED FOR NEWARK SATURDAY

Florinda Lewis, fifteen-year-old daughter of Mr. and Mrs. Tony Lewis of Newark, will lead the procession as queen at the colorful Holy Ghost Festival this week-end in Newark. Miss Lewis is a junior student at Washington High School.

Her sidemaids are Jackie Martin, daughter of Mr. and Mrs. Tony Martin, and Mary Galvan, daughter of Mr. and Mrs. John Galvan, all of Newark.

Carol Day, daughter of Mr. and Mrs. Gene Day, has been selected as the little queen, and her sidemaids will be Janet Springer, daughter of Mr. and Mrs. Jake Springer, and Virginia Marks, daughter of Mr. and Mrs. Celestine Marks.

Festivities will get under way at nine o'clock Saturday night with a dance and fireworks at the Newark Pavilion.

On Sunday morning at 10 o'clock the queen and her procession will lead the way to the church, where services will be followed by a luncheon, auction, and carnival. The dance Sunday afternoon will be free to the public.

The committee in charge or arrangements is comprised of Lawrence Oliveira, president; Domingo Nunes, vice-president; John Meneze, secretary; Henry Martin, treasurer; and Ted Correia, marshal.

DECOTO PROTESTS SIREN CURTAILMENT

A protest to the plan to eliminate the use of sirens by fire departments, reserving them for air raid warning signals, has been filed by the Decoto Chamber of Commerce.

At the meeting of the Chamber last Tuesday evening Fire Chief Roland Bendel told the members that the state is seeking a new ruling to discontinue the blowing of sirens. He remarked that there would be no way of notifying the volunteers here if a siren wasn't blown. Such a plan would be satisfactory for cities but would create a problem here, Bendel said.

Chamber Secretary Bernie Joseph was instructed to write to the State Fire Commission informing them of the problem which would be created by the new ruling and asking what alternate method of alarm could be used.

A committee, composed of Manuel Seane, Manuel Hidalgo and Henry Grundbrecher, was named to contact the county building inspector asking that he investigate the parking of trailers in lots and the construction of buildings not believed to be built to standard.

The members voted to hold a ladies' night dinner in the near future. A committee is to be named to make arrangements.

NILES CHILD HAS TEN GRANDPARENTS
WORLD IS FULL OF GRANDPAS, GRANDMAS

She's a great-great-grandmother

She, too, is a great-great-grandmother

She has ten grandparents

By all the established sayings relative to the spoiling of grandchildren by doting grandparents, little one-year-old Debra Bernard, daughter of Mr. and Mrs. Eddie Bernard of Niles, should be, if not the most spoiled child in the United States, at least a runner-up. For Debra has ten—that's right!—TEN grandparents. All blood relatives.

But Debra isn't spoiled at all, amazingly enough. She takes her grandparents right in stride, and is so accustomed to saying "Grandpa" and "Grandma" that she is, naturally enough, under the impression that practically everybody is named "Grandma" or "Grandpa."

Debra's grandparents, great-grandparents, and great-great-grandparents can be classified in sets, as follows: two sets of grandparents, Mr. and Mrs. Gregory Bernard of Niles and Mr. and Mrs. Rodney Hallford of Tempe, Arizona; two sets of great-grandparents, Mr. and Mrs. Wesley Dozier of Higley, Arizona, and Mr. and Mrs. Moses G. Hallford of Niles; and two great-great-grandmothers, Mrs. Rodie Clark of Aspermonth, Texas, and Mrs. Ledora Dozier of Peacock, Texas.

TRIAL SET FOR FRIDAY, JULY 13

Never let it be said that Ricardo Navarette, 22, 227 Fourth Street, Decoto, and his attorney, Stanley Block of Hayward, are superstitious.

Last Friday in Judge Allen G. Norris' court in Centerville they selected the date of Friday, July 13, for Navarette's two trials on charges of robbery and driving his car on the wrong side of the road.

Navarette is charged with stealing a purse containing \$75 from Rosie Cacho of Centerville on the evening of May 30. The traffic charge resulted from an accident in which he was involved following the alleged robbery.

"Your gas and electric rates are lower than in 1940... no wonder you use so many appliances!"

Your P. G. and E. household rates are lower today than in 1940. The reason is simple: the average customer uses about twice the gas and electricity he did in 1940. That larger use helps cut delivery costs. Moreover, skilled employees and careful management work together to improve efficiency. The results are passed on to you in the form of low rates. We don't think these low rates are the only reason you buy so many appliances. But we do think they help you enjoy them more.

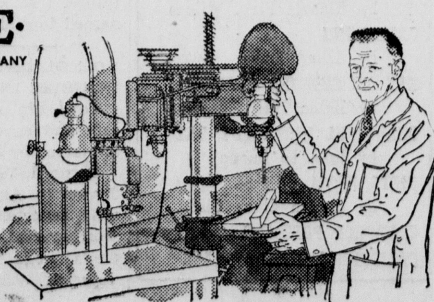

"We moved into our new home last year. I think we have about every modern appliance it takes to make living easier and more fun. My hobby is my workshop, power equipped. Yet electricity accounts for only 1% or 2% of our family expenses!"

NEW TYPE MONEY ORDERS ON SALE

Patrons of post offices found the new and more convenient money order available Monday morning.

Principal changes in the new money order system makes it possible to have a money order cashed at any of the nation's post offices or it may be collected through any bank in the same manner as the depositing or cashing of a check.

The new money order appears in the form of a punched card instead of the customary paper slip and purchasers will fill out the same form and pay the same fees as has been required in the past.

The regulation that money orders must be cashed at specific post offices has been eliminated. Under the old system, it will be recalled, a money order had to be cashed in the office to which it was issued. If it was cashed at a post office in another city an additional fee was charged.

GUARDS WANTED BY FEDERAL GOVERNMENT

Veterans of the armed forces are in demand for positions as guards at federal establishments in Arizona, California and Nevada. The jobs pay \$2450 a year for applicants with no experience. Veterans with experience in law enforcement, guarding property or maintaining order may qualify for salaries of \$2674 or \$2900 a year. Applicants must take a written test and meet physical fitness standards.

July 9, 1951, is the deadline for submitting applications. Application blanks and complete information are available from Civil Service secretaries at the local post offices.

see Old Glory waving in the breeze?
No, nobody saw it, because it wasn't there!

When it was Bert Silveira's duty to raise and lower the flag on Niles' flagpole, he never missed.

Maybe we'd better get Bert back on the job again. He held the job for 21 years. Do you suppose he could be drafted back into service?

HE COULDN'T SWALLOW

We went to the County Fair the first night it opened. It was a cold night, but I got all steamed up when a little man came out, with a whole bevy of swords of all shapes and sizes, and started dervishes with them. I thought this was just the preliminary to swallowing them. I have always wanted to see a sword-swallower, so I waited with high glee and great intensity.

When the act was over and he had performed with at least three dozen swords, spinning them on the palms of his hands, tossing them in the air, and leaping through space with them, I was horribly disappointed, as he hadn't swallowed—or attempted to swallow—a single one of them.

If I had paid to see the performance, I would have asked for my money back. As it was, I had no recourse.

Later, in the building, I came across the sword-man pleading with a woman attendant to give him a bandage. He held out his hand to her to show a bad cut.

Feeling no sympathy at all for him, I sailed up and asked him why he hadn't swallowed any of the swords.

He was very apologetic. "I'm sorry, madam," he said, with a great show of emotion, "but my throat—he grasped his throat to demonstrate—"you see, it's too small."

Upon examining his throat—

which was not much bigger than our garden hose—I was convinced.

A LETDOWN

Since I didn't bet any money on the races at the Fair, the only other disappointing experience I had was caused by the age and weight man.

LET ME GUESS YOUR WEIGHT AND AGE, read the intriguing sign.

"How much?" I asked, thinking in terms of dimes and nickels.

I was naturally taken aback when he said "A quarter." But my pride wouldn't let me back down.

Going through my subconscious was this: if anybody else tells me I look younger than my age, it's probably flattery, but if HE tells me I look younger than I am, I'll have to believe it's so, because HE has a quarter at stake.

I was positively glowing with anticipation! I was about to get a lift that would carry me over through next press day.

After I got off the scales (he guessed me within a pound, and I am not mentioning the number of pounds), I said, looking eagerly into his squinty eyes as he sized me up, "Now! How old do you think I am?" This, after all, was the REAL reason I had paid a quarter.

"That'll cost you another quarter," he said, and I could have sworn he said it with a leer. If it had been in the old days he probably would have been twisting a handlebar mustache.

"Gosh," said my husband. "You don't want to spend another quarter. You know how old you are."

"Yes," I said, in consternation, "but maybe he'll guess me younger than I am!"

My husband favored me with one of those looks—the kind that men have used on wives throughout the ages, when they fail to understand the workings of the female mind.

So there I was, with no more quarters. And instead of the lift I had anticipated, I was left with a let-down.

And by the way, I hope everyone saw the Mission San Jose 4-H Club exhibit at the Fair. It was tops.

The nuptial knot was tied in Reno last Saturday and the couple is now on a honeymoon trip in Oregon. Standing up with them were Mr. and Mrs. Alvin Rose of Niles.

FARM INCOME OF COUNTY REVEALED

Truck crops and greenhouse products and nursery stock ranked neck and neck as income producers for Alameda County farmers in 1950, according to the annual report of Gordon B. Laing, county agricultural commissioner.

Of the county's total farm income of \$33,293,150, truck crops were valued at \$7,435,600 with greenhouse products and nursery stock second with \$7,294,750. Field crops were valued at \$2,865,700 and tree and vine crops at \$2,305,500.

The county's 1490 poultry ranches produced \$6,250,000 of income, while 10,700 cows produced 3,317,000 pounds of butter fat valued at \$3,648,700.

Beef cattle, lambs and hogs marketed were valued at \$3,410,300 and 150,000 pounds of wool brought \$82,500, Laing's report showed.

Niles Couple Elope to Reno

Coming close upon the heels of their engagement announcement, Charlene O'Brien and Ronald Sylvestri surprised their friends again by eloping to Reno last Saturday and becoming mister and missus.

They stopped off in Niles on Sunday to say "hello" to their respective parents, Mr. and Mrs. Maurice O'Brien and Mr. and Mrs. Jack Sylvestri, and then went on to Oakland where they have taken up residence.

The bridegroom, who is studying optometry at the University of California, has taken a job for the summer months.

Week-End at Boulder Creek

Mr. and Mrs. L. L. Lewis spent Saturday night and Sunday at their summer cottage at Boulder Creek. Mr. Lewis attended the annual meeting of the San Lorenzo Woods Water and Improvement Club, of which he is a board director. He was again voted in for a second term.

Sunday guests of the Lewises were Mr. and Mrs. William Holloway, Mr. and Mrs. Wayne Davis, and Mr. and Mrs. Arnold Mozzetti. A steak barbecue was put on by "Mom" and "Pop" Lewis, which was enjoyed by all present.

Dinner Guests

Mr. and Mrs. Dwight Thornburg of Centerville had as their dinner guests last Sunday the Clyde Voorhees, the Jud Taylors, the Jack MacGregors, and the Jed Oxborrows.

The Thornburgs spent the Fourth in Stockton, where they were guests at the home of her mother, Mrs. Harriet G. Farr.

Mr. and Mrs. C. D. Wilder of Irvington had as their dinner guests last night, Mr. and Mrs. Maurice Marks, Mr. and Mrs. W. E. Trenouth, and Mr. and Mrs. Bill Humpert.

Lieutenant and Wife Visiting in Niles

John Ferrante and his wife and two little girls, Jane, almost three, and Meg, six months, have been in Niles visiting his parents, Mr. and Mrs. A. J. Ferrante. They arrived two weeks ago from Honolulu. John has been selected for promotion to a full lieutenant now, and will leave on July 10 for Glenview, Illinois, for the Naval Air Station there. He will attend school for five months, and expects to be home here in time for Christmas.

In the meantime his wife and daughters will stay with his parents in Niles.

Last Saturday night Lieutenant and Mrs. Ferrante attended a party in San Jose at the home of Mr. and Mrs. William Walker, where the lieutenant renewed friendships made in college. And on Sunday, Ensign and Mrs. E. E. Linbeck, former Honolulu friends now in the States, were guests of the Ferrantes in Niles at a ravioli dinner.

Week at the Tom & Jerry

Nieces and nephews of Mr. and Mrs. Nelson Harding of Niles motored up to Nevada City to spend a week at the Harding mine, the Tom and Jerry. Those who made the trip—and enjoyed every minute of it (except when they came upon a seven-rattle rattlesnake)—were Mr. and Mrs. Manuel Silva and son Ronnie, Mrs. Jean Rogers and daughter Joan, Mrs. Peggy Ariotti and daughter Janet, and Harry Mezza.

Returning Saturday, the group stopped off at the Hardings' ranch at Wheatland for a swim, which provided a pleasant interlude on the return journey.

A Week at Tahoe

Having fun up at Lake Tahoe this week are Mr. and Mrs. John Brahmst who rented a summer house for the week. Localities who have visited them include Harriet Dias, Dr. and Mrs. Tom Wilson, Vernan Ellsworth, and Mr. and Mrs. Ken Bruner.

Trenouth of Irvington were on hand last Monday to wish bon voyage to Mrs. Trenouth's brother and his wife, Mr. and Mrs. Joe Lorenson of Castro Valley, who took off by plane for a month's vacation in Hawaii. They were on the same plane, incidentally, which carried Governor Dewey over to the Islands.

CLAYTON GEORGE AND BRIDE ARE EXPECTED TO RETURN HOME SUNDAY

When they return from their wedding trip, destination of which they kept to themselves, Clayton George and his bride (Lena Ann Horat) will make Niles their home. They are expected to arrive here Sunday.

Lena and Clayton exchanged marriage vows at the Holy Ghost Church in Centerville Sunday, at a seven o'clock double-ring ceremony, in the presence of over 300 friends.

The bride donned white embroidered organza for her wedding. The dress was made en-train, and with it she wore a finger-tip illusion veil held in place with a coronet of seed pearls. Orchids and bouvardia were combined in the wedding bouquet, which she carried with a white prayer book.

Elsie Horat was maid of honor for her sister, and she, and the other attendant, Mrs. Melvin Oliver, were frocked in embroidered organza, Miss Horat in lavender and Mrs. Oliver in green. Both wore wreaths of daisies in their hair and carried bouquets of the same flowers. The flower girl, Patty Jean Bristol, was in yellow organza.

The church was beautifully decorated in white gladioli and Esther Reed daisies, and at each pew were tied Easter lillies with white satin bows. Mrs. Inez Silva at the organ and Mrs. Melford Alameda (Lorraine McClain) as the soloist added immeasurably to the beauty and solemnity of the occasion.

Following the ceremony a reception was held in the Country Club in Centerville, which was lavishly decorated in artistic arrangements of white gladioli done by Mrs. W. L. McWhirter.

After the cutting of the wedding cake and an evening of dancing, the newlyweds left for their honeymoon. For her going-away outfit the bride wore a navy blue suit with navy accessories and a white orchid.

House-Trailer Vacation
For the fifth year, Mr. and Mrs. Arthur Belshaw and family of Centerville have embarked on a house-trailer vacation to Richardson Grove on the Redwood Highway.

"We have a wonderful vacation in a house-trailer," said Mr. Belshaw, "and have concluded it's the only way to travel with children." This year they are taking the baby, for the first time.

In Palo Alto
Mr. and Mrs. Warren Gravestock and family of Centerville spent the Fourth visiting his sis-ter DaMant as their Palo Alto home.

Visitors from Avenal

Mrs. Hal Crawford and her two sons, Jackie and Steven, have been visiting in Niles at the home of her sister, Mrs. Irving Hird. They arrived last Thursday from their home in Avenal and will return home this week-end. Mr. Crawford is expected here today, and the family will motor back with him.

For her daughter's wedding Mrs. Frank Horat selected a forest-green suit and with it wore an orchid corsage.

Mrs. Frank George, the bridegroom's mother, was in a navy blue faille silk suit, with white accessories. She, too, wore an orchid.

Following the ceremony a reception was held in the Country Club in Centerville, which was lavishly decorated in artistic arrangements of white gladioli done by Mrs. W. L. McWhirter.

After the cutting of the wedding cake and an evening of dancing, the newlyweds left for their honeymoon. For her going-away outfit the bride wore a navy blue suit with navy accessories and a white orchid.

Heads the Drum Corps

Miss Beverly Ann Russo, daughter of Mr. and Mrs. Salvador Russo of San Leandro, formerly of Niles, has accepted the leadership as majorette of a drum corps.

She paraded with the Fruitvale Parlor, Native Sons of the Golden West, for the first time at the Alameda County Fair in Pleasanton last Sunday.

On July 4 she led the drum corps at Redwood City in the morning and in San Francisco in the afternoon.

Home from Hospital

Keith Whipple, who has been in the hospital for over a week suffering from a spinal injury, is expected home this week-end.

Summer Commuting

The William Mette family has taken up summer commuting, all except Mr. Mette who is remaining down at their summer home in Paradise building rock walls. Mrs. Mette and son, Bill, however, commute between Paradise and San Jose State College where both are enrolled as summer students.

"A friend in need is a friend indeed."

SHORTAGE OF MILK FEARED FOR STATE

California's consuming public soon may not have an adequate supply of milk, it was indicated this week by W. B. Woodburn, manager of the California Dairy Industry Advisory Board.

Woodburn pointed out seven facts that threaten California milk production:

1. Production of milk in the last 12 months has increased only 4 to 5 per cent. Sales of milk and other fluid dairy products have increased 7 to 8 per cent.
2. The cost of what a cow eats per day has increased, since January, 24 per cent.
3. Hay prices have gone up 33 per cent in the last five months.
4. Much normal hay and alfalfa acreage has been converted to production of cotton.
5. A shortage of agricultural labor exists.
6. The top productive life of a cow is only from 18 to 24 months. Some time ago she cost \$100 to replace. Today, it takes from \$350 to \$400 to get a good new one.
7. The government's hoard of dairy products has been exhausted, and the armed forces' demands for canned and powdered milk and other dairy products challenges all current production of dairy products for immediate use.

BEARCATS BREAK LOSING STREAK

By TONY ROGERS

The Centerville Bearcats, after losing three consecutive games, broke back into the winning column last Sunday by defeating the U. S. Marine team from San Francisco 10 to 7 on the Centerville diamond.

Manager Frank Mayer was hampered by a lack of players, having but a 10-man squad. Tony Rivers assisted Mayer in managing the team and coaching the base runners.

Tony Dutra started on the mound for the Bearcats but was relieved in the seventh by Harvey Hernandez after allowing seven runs on 12 hits and giving up three walks. Hernandez allowed no hits in the two and one-half innings he pitched.

The game saw-sawed back and forth until the seventh inning when the Bearcats pushed over five runs to put it on ice. Hernandez' long triple and doubles by Vargas and Sweeney were big factors in getting the runs across the plate.

Sweeney accounted for five runs batted in during the game and Hernandez three.

The Bearcats added another victory to their string July 4 by dumping the Lower Lake nine at Clear Lake 14 to 8. Silveira went the full nine innings for the localites.

Don Lemos was the outstanding performer of the day, getting four hits out of five trips for the plate.

The club completed arrangements for a double-header over the Labor Day holiday in September.

Sunday at 2 p.m. the Bearcats will be hosts to the Mello Records Club in a nine-inning game at the high school diamond in Centerville.

KLEINE'S COP FIRST HALF OF SPLIT SOFTBALL SEASON

Four of the teams of the Washington Township Softball Association staged a thrilling double-header last Friday evening for local fans prior to suspending play for a one-week vacation.

In the opening game of the evening the powerful Kleine aggregation scored a hard-fought 3-0 shutout over Frick's, one of the two cellar clubs.

The nightcap provided plenty of excitement with the L & V club and Ray's Market going two extra innings before the Market lads could break the tie and chalk up an 8 to 7 victory.

The final round of play in the first half of the split season will be held Monday evening. Kleine's, who have completed their first half of play, are in undisputed possession of first place with six victories and no losses.

Wedgewood and Y.M.I. will meet in the curtain-raiser Monday and the outcome could well change the standings. The YMI club is now in second place with four victories and one loss for a percentage of .880. If Wedgewood succeeds in winning Monday it will raise them to a tie with Y.M.I. for the second-spot position.

In the second game of the evening American Forge will attempt to boost themselves out of the cellar position tie with Frick's by dumping Ray's Market.

WASHINGTON—Announcement of a nation-wide program for the conservation of materials and manpower in a major segment of the nation's truck transportation field was made officially by W. K. Perkins, manager of sales for the motor truck division of International Harvester Company. Defense Transport Administrator James K. Knudson (right) and Henry E. English (left), director of DTA's Street and Highway division, view with approval the symbol of International's truck conservation and efficiency effort. Approximately 5,000 International sales and service outlets throughout the nation, including the Arthur C. Day Implement Company at Centerville, have become Truck Saving stations under the program in an effort to mobilize highway transport at peak efficiency.

OUR READERS WRITE . . .

Dear Editor:

There is a movement afoot, sponsored by the San Francisco Examiner, to abolish the use of sirens on emergency vehicles so as to leave the siren for a distinctive signal for air raid alarm.

It might be well for the people of Washington Township to consider just how such a move, if adopted, will affect this community.

The siren is our fire alarm signal, and without it there is no method of notifying our men of fire. A different type of signal, probably an air whistle, would be the answer, but it will mean the scrapping of hundreds of dollars worth of equipment, and the purchasing of an equal amount of new type, for which the taxpayer of this community will foot the bill.

Our Chambers of Commerce and service clubs better think it over when asked to endorse this move.

HOW DID NILES GET ITS NAME?

Editor:

It may interest your readers to learn how Sophus Hartwick, an old Danish-American historian in San Francisco, thinks Niles got its name. It was several years ago

since Mr. Hartwick told me that long before Niles became a settlement and long before the place had a name, a Dane named Niels Nielsen was engaged in farming in these parts. In Danish, Niels is pronounced "Neels" or like "Nills," if pills was spelled with an "n" instead of a "p." In this country, however, the "i" and the "e" in Niels frequently got mixed up and the name is erroneously spelled Neils, or Neils Neilsen.

This was probably the case with the Dane, Sophus Hartwick said was a farmer in these parts many years ago. The other settlers called him Neils or Niles, and when a sufficient number of people had

name is immortalized in Lassen County, in Mount Lassen, in Lassen National Park and in innumerable streets and lanes and rivers and creeks in California. If someone else has another sug-

STATE AND LOCAL TAXES CLIMBING

If the average voter, a taxpayer, could understand what taxes are really doing to him, he might look further ahead and demand economy with so loud a voice that it would be heard by governing bodies throughout the land.

Tax expenditures at all levels—federal, state, and local—are increasing all out of proportion to the earning power of the people. State and local taxes alone, in the United States, have nearly doubled in the last five years and they are still climbing. The apparent need for money is so great that all these agencies are looking for new ways to collect more taxes, all of which come out of the people's pockets.

E. E. Enos was named general chairman of community service with the following sub-committees: Will Lamoreux, George Bonde Jr., Wallace Pond and Virgil Young, youth; Howard N. And worst of all, many of the new methods of collection take the money from the taxpayer's pockets in such small dribbles, yet withal in so many ways, he generally is not conscious of the large amounts actually extracted from him.

Today state and local governments are reaching out to higher levels of government for subsidies, technically called subventions; are collecting all the old taxes that used to pay for services to their people; and, in addition, are putting on special charges for these same services.

INDIVIDUALS HELPLESS TO STEM TAX TIDE

Today, as never before, taxes are uppermost in the economic thinking of practically everyone. But few seem to feel that they, individually, can do anything about it.

There are several reasons for this. Governmental expenditures at all levels are so great that most persons have neither the time nor the patience to study them. If they do gain a reasonable understanding of the budgetary figures, they still do not know where to begin to cut costs; and if they do, there would be great difficulty in arriving at agreement as to which costs should be cut and how much. Most persons would choose to cut costs where they thought they, personally, would not be affected. All this points up to the fact that too many taxpayers—and we are all taxpayers, whether we realize it or not—want the government to do things for them, the cost of which will be borne in part by other taxpayers. Such persons do not jeopardize their favored expenditures with cries for economy. Nor are the beneficiaries of tax expenditures likely to demand economy.

TAXES HITTING PAYERS FROM MANY ANGLES

Taxes on business, of many kinds, are the order of the day. Income taxes in one form or another are being eyed as prolific sources of new revenue for local governments.

Tax expenditures, exclusive of federal, in the U. S. are now estimated at over 25 billion dollars and pay well over a million employees. Nor do these figures include the millions of persons receiving gratuities from government. All these expenditures must

come out of the taxpayer's pocket. What he pays in taxes he does not have left to spend for himself and his family, nor is his tax dollar generally spent as economically as he would spend it, or with as careful consideration for his ability to pay.

It is time for each taxpayer to look upon all public expenditures as coming out of his pocket. Then, and only then, can constructive, intelligent action be expected on the tax front.

As a charming prelude to a northbound vacation trip, we suggest you stop at any of the many Hedewold groves on U.S. 101 in Humboldt County and quiet your work-traveled nerves before you move on.

To do the first, just single out any large mill in the Bay area—Humboldt, in Eureka or Hammond across the Bay at Sausalito (you can ferry across without your car or drive out on that Samoa peninsula via Arcata), Holmes Eureka, Pacific Lumber Company in Eureka, as well as their plant in Scotts, all have conducted free tours... someone have overheard walks from which you may look down on
